MEMORANDUM FOR THE RECORD

Morning Meeting of 14 January 1966

25X1 of ORR gave a background briefing on the extent and types of U. S. aid programs. (See Action 1)

DD/I noted that he would be leaving on 17 January for a trip through Latin America and that he will be the DCI Duty Officer this weekend.

R. J. Smith reported on the Rhodesia situation and an alarming telegram from our embassy there concerning the worsening economic and political situation. (See Action 3)

Smith noted two special weekly reports, one on the Sino-Soviet controversy over military aid to Hanoi and the other on the Soviet space exploration programs. (See Action 4)

Kent gave the DCI a copy of Volume I, No. I of the National Intelligence Projections for Planning. This volume deals with long-range attack forces.

Kent and Bross reported on upcoming Honolulu meetings. One will take place in the coming days and will be at the "colonel" level. It will deal with the ordnance mix involved in bomb targets in North Vietnam. Efforts are being made to accredit a member of the Board of National Estimates to this meeting. Kent, who will meet with the Secretary of Defense this afternoon, will raise this and seek SecDef concurrence to BNE representation at the meeting. There is, in addition, some talk of a very high-level meeting to deal with Vietnam sometime around 1 February, and it was agreed that Bross would contact Secretary Vance to inquire about what preparations the Agency might make for this meeting.
